1. The Marine Environment Protection Committee at its fifty-sixth session (9 to 13 July 2007) and the Maritime Safety Committee at its eighty-third session (3 to 12 October 2007) noted that the Maritime Safety Committee, at its seventy-fourth session (30 May to 8 June 2001), agreed that the Designated Person has a key role in the development and implementation of the safety management system within a shipping company with a view to ensuring safety at sea, prevention of human injury or loss life, and avoidance of damage to the environment, in particular to the marine environment and to property.
